## **What Is C.N.C.F Joshua Youth Minister?**

C.N.C.F Joshua Youth ministry is a broad term that encompasses a variety of ministerial programming and outreach activities that are targeted at youths. The specific goals and activities may vary from one church to another. However, C.N.C.F Joshua youth ministry programs tend to share the same general goals: to encourage youths to know God's Word, develop a relationship with Jesus Christ and become active in the church community.

## **Why C.N.C.F Joshua Youth Ministry Is Important**

Investing in today's youth is necessary in growing the body of Christ. Teaching young people in the church to grow in their relationship with the Lord can prepare them to serve Christ in all they do. As a result, this nurtures the congregation and allows the church to flourish.

Serving young people can not only prepare them to become future leaders, but also allows them to contribute to the church. This is seen many times in the Bible, as God often utilized young people to do great things. For example, God used Timothy to pastor and lead the Ephesian church when he was a teenager.

"Don't let anyone look down on you because you are young, but set an example for the believers in speech, in conduct, in love, in faith and in purity."  
- 1 Timothy 4:12

In addition, there is much to be learned from the faith of a child. Matthew 18:2-4 says, "He called a little child to him, and placed the child among them. And he said: 'Truly I tell you, unless you change and become like little children, you will never enter the kingdom of heaven. Therefore, whoever takes the lowly position of this child is the greatest in the kingdom of heaven.'"

Because of God's heart for young people, it is important to recognize their value in today's church.

## How To C.N.C.F Joshua Grow a Youth Ministry

Youth need guidance and support as they navigate through the most challenging part of their development and seek to grow in their walk with Christ. Christ-like leaders are needed to serve young members of the congregation and help them to reach their full potential.

Youth ministry leaders must be rooted in a biblical foundation and understand ethics appropriately to work effectively with young people. In addition, they must understand modern influences on Christianity, which can allow them to identify with youth and build meaningful relationships with them. If you feel called to help young people walk with the Lord, earning a bachelor's degree in youth ministry may be a great option.

It is important for the truth of the gospel to be passed down from generation to generation in order to grow the body of Christ. Ultimately, helping youth to grow spiritually in their formative years can equip them to make an impact for Christ both now and in their future.

As a 01st step of C.N.C.F Joshua Youth ministry we are planning to have one day Youth encounter programmer on September 2024. We look forward to God's guidance and your support and help to make this program successful.
